VETERAN SERVICES CENTER

CAPITAL CAMPAIGN

GROW. SERVE. GIVE.

Goodwill Industries of Monocacy Valley and Platoon 22 have joined forces and are building a 2-million-dollar 20,000 sq. ft. veteran services center in Frederick, Maryland that will be a comprehensive resource serving veterans and their families. Platoon 22 is a founding partner for the center and a critical resource within the veteran community.

More than a dozen staff and strategic partners will provide classes, counseling, and veteran benefits navigation so warriors and their families will receive the support they need to ensure a smooth and rewarding transition into civilian life. Among these services, the center will assist individuals in obtaining and maintaining meaningful employment.

There are more than 100,000 veterans living in Frederick and the immediate surrounding area. Help us to help those that served our nation.

SERVICES

The center will eliminate barriers for veterans and their families by serving as a single location to support many needs. These include:

- ▶ **Job Training and Placement**
- ▶ **Counseling**
- ▶ **Mental Health Services**
- ▶ **Physical Health Services**
- ▶ **Benefits Navigation**
- ▶ **Housing Programs**
- ▶ **Transportation Services**
- ▶ **Financial Education**

With over 370,000 veterans living in Maryland, the need is greater than ever.
